Ashen Malindu

I'm an undergraduate student in information technology from the Institute of Technology University of Moratuwa who is passionate about full-stack development and seeking an opportunity to get experience while applying my knowledge to the field and giving my best to the company.

Experience

Intern Software Engineer

- Parallax Technologies (Pvt) Ltd
May 2023 to November 2023 (6 months)

I'm contributing to initiating and developing the StoreMate mobile app using Flutter focused on frontend development and data binding.

**Skills: Flutter, Firebase, Frontend Development,
Data binding, Git and Github, UI/UX, Postman**

Projects Experience

Final Project: Group Communication Platform for ITUM

This is for the inter-university communication platform to chat groupwise, inform about upcoming events, communicate with students with unique features, jobs sharing, and the poll-creating option.

Technologies: Flutter, Firebase

Fuel que management app

This is for managing fuel queues in fuel stations. Station owners and users can register separately and they can use this mobile app.

Technologies: Flutter, NodeJS, MongoDB

Vote app

This is an individual project. Users can register to the app and create a poll, others can give responses for them. Finally, users can see the results.

Technologies: Flutter, Firebase

Tools

- Visual Studio Code
- Android Studio

Version Control

- GitHub

Other skills

- Adobe XD, Figma

Soft Skills

- Good communication skills
- Team Work
- Creativity
- Problem-solving

Blog site

This is an individual project. Users can create, read, delete, update, and edit the posts after registering to the website.

Technologies: React, Express, Node, MongoDB

Portfolio Website

Technologies: React

Certifications

Scrum Foundations Professional Certificate (SFPC) CertiProf

SQL (Basic) Certificate -HackerRank

Java (Basic) Certificate -HackerRank
